Subject: RE: Chicken Alaska Special Counsel

Thanks Dennis. Got your VM. We will handle media. Talked with Tom Reynolds and we are on the same page. Will send you a draft desk statement on Monday based on what we anticipate the report saying so you have it for general awareness. We will have a fast turnaround once we see the report re how to amend our statement. Tyler will be doing background interview with one reporter is the plan. Nick will be coordinating for us.

Cynthia:

I left you a short voicemail on this. One other thought is that I want to confirm that OECA HQ folks would handle media inquiries directly and our folks from the Region would provide support. Let me know if you'd like to talk.
